SECTION 2 - RULES AND REGULATIONS (Continued)

G. Service Offerings (Continued).

- (11) **Prepaid Calling Card Service:** is a long distance calling card service under which Users purchase cards in predetermined amounts for long distance usage. Two types of prepaid debit travel cards are offered: rechargeable or disposable. With rechargeable cards, Customers can increase the balance on the card by contacting American Tel Group. Disposable cards are not rechargeable. The service is accessed through a toll-free number. As Users access the service, their usage and required taxes are automatically decremented from the remaining card balance. Calling card calls are billed in one minute initial and one minute additional increments. American Tel Group provides three types of Prepaid Calling Cards. The Prestige Card allows Customer to select the illustration or appearance of the card. Value Cards allow the Customer to place an advertisement on the Card. ATG Cards do not contain any Customer specific information.
- (12) **Operator Service:** is offered for the placement of certain calls that require assistance. Operator Service means any intrastate telecommunications service initiated by a Customer location that includes as a component any automatic or live assistance to a consumer to arrange for billing completion or both on an intrastate telephone call through any method other than automatic completion with billing to the telephone from which the call originated or completed through an access code used by the consumer with the billing to an account previously established with the telecommunications service provided by the consumer.
