3. SERVICE FOR NEW CUSTOMERS

3.1 The Company shall furnish service to applicants within its service area under the jurisdiction of the Idaho Public Utilities Commission in accordance with rates and Rules and Regulations approved by the Commission.

3.2 Applicants for water service may be required to sign a standard form of service application.

3.3 The Company shall not be obligated to provide service at a service location until any required deposit or guarantee of payment has been received by the Company in accordance with the "Rules and Regulations of the IPUC Governing Customer Relations", attached herein as Appendix A.

3.4 Special contracts may be required where large investments in special facilities are necessary to provide the requested service. The Company may require contribution toward such investment and establish such minimum charges as are deemed necessary. All such contracts are subject to the approval of the Commission.

3.5 The Company reserves the right to place limitations on the amount and character of water service it will supply and to refuse service to new Customers if, in its opinion:

(a) The Company is required to refuse or limit service by regulatory authorities having jurisdiction over the Company.

rate schedule, see Appendix A - IPUC Rules Governing Customer Relations.

6. BILLING AND PAYMENT

- 6.1 All Customers will be billed on a regular basis as identified on the applicable rate schedule.
- 6.2 If the system is metered, the Company shall try to read the meters prior to each billing unless specified differently on the applicable rate schedule. If the Company's meter reader is unable to gain access to the premises to read the meter, or in the event the meter fails to register, the Company may estimate the Customer's water consumption for the current billing period based on known consumption for a prior similar period or average of several periods. Subsequent readings will automatically adjust for differences between estimated and actual. Estimated bills shall carry appropriate notice to that effect.
- 6.3 All bills shall clearly indicate the balance due and shall be due and payable within 15 days of the date rendered. All bills not paid within 15 days shall be considered delinquent and service may be disconnected subject to the provisions of Appendix A - IPUC Rules Governing Customer Relations.
- 6.4 The minimum bill or customer charge shall apply when service is provided for less than one month.
- 6.5 Owners of premises with one or more condominiums, buildings, stores, apartments or any other divisions of like or similar character, all of which are served from one (1) service connection are responsible for the entire water charges. responsible for her or her respective bill, such transfer of responsibility will not be accepted or recognized by the Company until the plumbing arrangements of the building or premises are so changed by the owner or his or her agent as to permit the Company, to its satisfaction, to serve each division or occupant separately from the other occupants in the same building.

6.6 Accounts will be continued and water bills rendered regularly until the Company has been duly notified to discontinue service.

7. METERING (If Applicable)

7.1 Meters will be installed by the Company near the customer's property line or at any other reasonable location on the Customer's premises that is mutually agreed upon.

7.2 The Company's representative shall be given access to the Customer's premises at all reasonable hours for the purpose of obtaining meter readings. In the event of recurring inaccessibility, the Company, at its option, may relocate its metering equipment at the Customer's expense.

7.3 The Company is responsible for the maintenance of its metering equipment. Meters are considered to be sufficiently accurate if tests indicate that meter accuracy is within ± 2 percent. When for any reason a meter fails to register within these limits of accuracy, the Customer's use of water will be estimated on the basis of available data and charges will be adjusted accordingly. Corrected bills will then be sent out to the customer and additional payment or refund arrangements made in accordance with Appendix A - IPUC Rules Governing Customer Relations.

7.4 The Company reserves the right to test and/or replace any meter. Upon deposit of a "Meter Testing Fee" by a Customer, the Company

will test the customer's meter. If the test indicates that the meter over-registers by more than 2 percent, it will be replaced with an accurate meter at no cost to the Customer and the "Meter Testing Fee" will be refunded and water bills will be adjusted in accordance with Appendix A - IPUC Rules Governing Customer Relations.

7.5 At the Company's discretion, unmetered Customers may be converted to metered service if such transition occurs in a planned, systematic manner without unreasonable discriminations and if the Company has an approved metered rate.

7.6 The Company shall have the right to set meters or other devices without notice to the Customer for the detection and prevention of fraud.

7.7 In any building where the meter is to be installed in the basement, the incoming water pipe must enter the basement at least sixteen (16) inches from the riser in order that a meter can be set in a horizontal position in the basement. All pipes to the different parts of the building or grounds must lead from the riser at least one (1) foot above the elbow.

8. CUSTOMER PLUMBING AND APPLIANCES

8.1 All plumbing, piping, fixtures and appliances on the customer's side of the service connection shall be installed and maintained under the responsibility and at the expense of the Customer or owner of the premises.

8.2 The plumbing, piping, fixtures and appliances shall be maintained in conformity with all municipal, state and federal requirements. The nature and condition of this plumbing, piping and equipment shall be such as not to endanger life or property.

- 8.3 A stop-and-waste valve must be installed on the Customer's plumbing in a place always accessible and so located as to permit shutting off the water for the entire premises with the least possible delay.
- 8.4 All persons having boilers, water tanks or other equipment supplied by direct pressure from the Company's mains should install a pressure relief valve, or other device to serve the same purpose, so as to prevent excess pressure from forcing hot water and/or steam back into the water meter and mains of the Company. All damage to the Company's property resulting from failure to properly equip Customer plumbing with a relief valve shall be billed to the Customer.
- 8.5 The Company is not obligated to perform any service whatever in locating leaks or other trouble with the customer's piping.
- 8.6 When the premises served by the Company is also served in any manner from another water supply of any kind, an approved back-flow prevention device shall be installed at the service connection. 9. INSTALLATION OF SERVICE CONNECTIONS

- 9.1 The service connection is the property of the Company and as such, the Company is responsible for its installation and maintenance. It consists of piping, curbstop and valve or meter box and a meter, if the system is metered. The service connection transmits water from the Company's water main to a valve or meter box generally located near the Customer's property line. All piping, valves or appliances beyond this point are the property and responsibility of the Customer.
- 9.2 The Company reserves the right to designate the size and location of the service line, curbstop, meter (if applicable) and meter or valve box and the amount of space which must be left unobstructed for the installation and future maintenance and operation thereof.
- 9.3 Where a service connection is desired for a premises on which there is no permanent structure, the Company will install a service connection to said premises only upon payment by the applicant of the estimated cost of said service connection. If within a period of five (5) years from the installation of said service connection a permanent structure is erected on the premises, the Company will refund, with interest, the difference between any approved new Customer charges in effect at the time of connection, and the applicant's advance.
- 9.4 The extra costs of any out-of-the-ordinary circumstances requiring additional equipment or special construction techniques involved in the installation of a service connection will be agreed to in advance by the Customer and the Company.

10. REPLACEMENT OR ENLARGEMENT OF SERVICE CONNECTIONS

10.1 Unless otherwise provided herein, the Company shall replace or enlarge service connections at its own expense, as follows:

(a) Whenever it is necessary to change the location of any service connection due to relocation or abandonment of the Company's mains; and

(b) For commercial or industrial services where the type or volume of use has changed and the enlargement will result in sufficient increase in annual revenue to justify the enlargement.

10.2 The relocation, enlargement or reduction of service connections for the convenience of the Customer will be at the expense of the Customer. Prior to such relocation, enlargement or reduction, the Customer will deposit the estimated cost thereof with the Company. Within fifteen (15) days a refund will be made to the Customer in the amount by which the estimated cost exceeds the actual cost. The amount by which the actual cost exceeds the estimated cost shall be due and payable within fifteen (15) days after billing for such deficiency.

10.3 Enlargement of any service connection will be made only after such time as the Customer's plumbing inside his or her premises shall have been enlarged sufficiently to accommodate the additional capacity.

11. DISCONNECTION AND RECONNECTION OF SERVICE

11.3 When it becomes necessary for the Company to involuntarily discontinue water service to a Customer, service will be reconnected only after all bills for service then due have been paid or satisfactory payment arrangements have been made.

11.4 A reconnection fee will be charged when a Customer is reconnected after having been disconnected, either voluntarily or involuntarily, at the same premises. The reconnection fee shall be paid before service is restored. Reconnection fees will not be charged for any situation or circumstance in which the Customer's water supply is disconnected by the Company for its convenience.

11.5 The Company reserves the right at any time, upon notice, to shut off the water for maintenance or expansion and, in emergencies, may do so without notice. The Company shall at all times use reasonable diligence and care to prevent interruption of said water service.

11.6 Except in the case of an emergency, no one, except an authorized Company representative, is allowed to turn-on or turn-off the water on the Company's side of the service connection.
